

Our seminars can be tailored to be conducted in-house to meet our corporate clients' requirements at competitive pricing. Programmes can also be specifically designed and developed to meet our clients' training needs.

Some of the In-House Training programmes conducted for the Government and Private organisations include the following:

- Accounting for Deferred Taxation
- Accounting for Fixed Assets
- Advanced Excel Spreadsheet Skills
- Analysis of Financial Statements
- Budgeting for Non-Accountants
- Business Presentation Skills
- Cash Flow Statements
- Company Taxation
- Consolidated Accounts
- Corporate Fraud and its Implications
- Effective Business Writing
- Effective Working Capital Management
- Finance for Non-Finance Executives
- Financial Modeling
- Goods and Services Tax
- Implementing Audit Procedures
- Indicators of Fraud
- Internal Auditing
- Key Performance Indicators
- Practical Debt Collection
- Project Management
- Update on Accounting Standards
- Withholding Tax

You will be pleased to know that you can leverage on our large pool of Trainers for your organisation's training and development. Our pool of trainers consists of academics and practitioners in the areas they train.
